**SOME POINTS:**

On behalf of the parish of Saint Michael here in Blackrock we welcome you to the church as you bring your child to receive the sacrament of baptism. This marks the beginning of your child's life as a Christian. It also marks the beginning of your responsibility as Christian parents of this child, which involves playing our part in sharing our faith in Jesus Christ with your child. You are not alone in this responsibility. The parish and its schools will share in this mission by teaching your child about Jesus and his Church. The parish community celebrates the memorial of the life, death and resurrection of Jesus Christ every time the sacrament of the Holy Eucharist is offered. Jesus Christ offers his strength, healing and forgiveness in the sacrament of reconciliation. As today is the beginning of the journey of faith for your son/daughter we invite you to nourish your faith by availing yourselves of these gifts from God. We will support you in this journey.

The priests of the parish.
